

DIAMOND MAINTENANCE

Our fully-certified engineers will be onsite inside 4 hours of you reporting the fault. 100% guaranteed.

Whatever the problem, with Diamond coverage your fault will be fixed within 8 hours of us being on site.

We'll replace your UPS if it can't be fixed. And you'll get a refund* if it takes longer than 8 hours, no questions asked.

Receive round the clock protection and performance analysis from our Riello Connect remote monitoring service.

The Ultimate Insurance

When downtime simply isn't an option, our Diamond UPS maintenance coverage guarantees your peace of mind. It provides unparalleled protection for your mission-critical equipment.

The pioneering plan is the first in the UK to combine a 4 hour Emergency Response Time with a promise to fix the fault within a further 8 hours. No ifs, no buts.

And if we fail to live up to those pledges, we'll put our money where our mouth is and give you a refund*.

Diamond coverage goes above and beyond even the supreme support you receive with any of Riello UPS's other industry-leading maintenance contracts.
